

The Honorable Judge Bell:

Please allow me to accept full responsibility for all that I am accused.

I have hurt many people that loved me and lost everything that I worked for.

I plead forgiveness to everyone, that I hurt. I allowed Satan to sneak into my life. I had two wonderful parents that raised me a Christian, but I never made enough time for God, I always put my work first.

I think being incarnated helped to save my soul. I found time to finally read the bible,

(13 times now), All I want to do now is live for God and help others, to hear his word.

Thank you for taking your time to read this.

Sincerely

Kelly Sorensen
